MERLIN’S MAGIC WAND

Taking the Merlin Magic to the Children!
WHAT DO WE DO?
www.merlinsmagicwand.org/usa

MAGICAL DAYS OUT & TRAVEL GRANTS
We aim to provide tickets and travel grants to **seriously ill, disabled and disadvantaged children** across the world, to give them the chance to enjoy a day out at a Merlin Entertainments attraction.

OUTREACH & CHARITY PARTNERS
For children unable able to visit our attractions we visit them in hospitals and at other charitable organizations.

MYTH BUSTER!
MMW does not pay Merlin for tickets.

Over 6,000 tickets donated from LEGOLAND in 2016 alone!
Sacrificial service is at the core of Make-A-Wish. With the help of thousands of volunteers, this non-profit is able to “grant the wish” of children diagnosed with a life threatening medical condition. At their core, Make-A-Wish believes that bringing a wish to life can be a “game changer” and has the potential to enrich the human experience, impacting the lives of all those involved.

The lives of youth, who are often abandoned and abused by their families, are positively transformed through CASAS, Court Appointed Special Advocates, of Voices For Children. These CASA volunteers are the mouthpiece for foster children and advocate that every needy child deserves a safe and enduring home. In order to enhance the quality of life for these children, Voices For Children actively increases awareness about the foster care system.

In the middle of a 79 acre plot of land, lies a resort, Give Kids The World Village. Here, the non-profit is able to gift children with life threatening illnesses and their families’ accommodations in furnished villas, transportation, tickets to theme parks, meals, daily entertainment and much more. Give Kids The World acts as a helping hand in making sure that the deserving families who come and visit have everything they need to make a memorable vacation that they will always remember.

Rady’s mission is “To restore, sustain and enhance the health and developmental potential of children through excellence in care, education, research and advocacy.” The hospital fiercely pursues this mission via partnering up with world renowned institutions, such as UC San Diego and St. Jude Children’s Research Hospital, to collaborate and conduct clinical research. In the city of San Diego, Rady’s happens to be the only hospital dedicated solely to pediatric healthcare and the region’s only pediatric trauma center. In 2015 alone, Rady’s provided care to 214,216 children in Southern California.
Our outreach initiative delivers tailor-made installations to local organizations that work with children who otherwise would be unable to experience the Merlin Magic.
